

Annual Report - 2014

published by admin on Fri, 2015/06/05 - 6:23pm

I. Membership

The membership of the DDA, as of March 31st, 2014 was 346, of whom 15 are affiliate members. This is an increase of 22 members since last year! Several more members were added during the month of April, and we will update these numbers when the AAS provides the final count.

DDA members were saddened this year by the loss of one of our “founding fathers” – Dr. Raynor Duncombe, who died on the morning of July 12, 2013, in Austin, Texas.

Among his many wonderful qualities, Ray was always extremely supportive of students. In recognition, the DDA Committee decided to rename the student stipend awards in his honor. These will be known henceforth as the Duncombe Prizes.

II. Quarterly Committee meetings

The DDA Committee continued to meet on a quarterly basis this year, using Skype for all meetings except the one held in conjunction with the annual meeting.

III. Elections

The 2014 DDA Election was the first to be held entirely online. With the assistance of the AAS IT office, the slate was posted on the AAS website, along with candidates' curricula vitae. Two weeks later, the online ballot was made available, and voting began. By the time the voting closed, 107 ballots had been cast, for a participation rate of 30%. The results were as follows:
