

Duncombe Prize - Application Information

The Division on Dynamical Astronomy of the [American Astronomical Society](#) [1] will provide up to three stipends of **\$500** each on a competitive basis to students who wish to attend the annual DDA meeting. In addition to the stipend award, meeting registration fees are waived for the stipend winners.

The competition is open to all students currently enrolled in an academic program at any college or university and doing research in the area of dynamical astronomy. Such research areas include, *but are not limited to*:

- planetary systems (small bodies, planetary rings, natural and artificial satellites, extrasolar planets, etc.)
- star and planet formation
- star clusters
- hydro- and plasma dynamics
- galactic and extragalactic dynamics
- cosmology
- coordinate systems
- astrometry

The DDA is dedicated to improving the diversity of its membership and strongly encourages Duncombe prize applications from minorities and members of other underrepresented groups.

[Apply for the Duncombe Prize](#) [2]

The deadline for submissions is April 16, 2019.

The stipends will be awarded at the meeting. Students should plan on attending and giving a regular oral presentation at the meeting, and join the DDA if not already a member. Recipients will need to follow the regular procedure for registration and abstract submittal. However, their registration and banquet fees will be waived (procedural details provided upon notification of winning). Recipients must arrange their own travel and lodging.
