The 2012 Meeting of the Division on Dynamical Astronomy will be held 6–10 May 2012 at the Timberline Lodge [1], Mt. Hood, Oregon.

The annual DDA Meeting brings together top researchers in astronomy, astrophysics, planetary science, and astrodynamics for in-depth and stimulating discussions and talks on all aspects of dynamics in the space sciences. The DDA meeting features invited talks on a range of topics, contributed talks (with no parallel sessions), and posters that can be displayed throughout the entire meeting.

**Sponsors:** [Colorado Center for Astrodynamics Research](http://www.colorado.edu/celest/astrodynamics) [2] & [Celestial and Spaceflight Mechanics Laboratory](http://www.colorado.edu/celest/astrodynamics) [3]

**Press Contact:** [Rick Fienberg](mailto:rick.fienberg@aas.org) [4]

**Transportation**

Wayne Hayes has set up lists of people interested in carpooling to [5] or room-sharing [6] at the Mt. Hood Meeting. [E-mail him](mailto:transportation@dynamical.org) [7] to be added.

Al Harris reports that the room block at Timberline is closed, and also filled. The next best hotel lodging I have located is Best Western Mt. Hood. [This URL takes you directly to the Best Western reservation page for that property](http://www.bestwestern.com) [8] As of April 23, they have rooms available at $109/night. The town of Government Camp, where it is located, is ~5 miles from the Lodge, so a car or carpooling will be needed. There are a number of other lodgings in Government Camp.
